PROFILE

I am a budding iOS and UI/UX developer. My passion for this field began in 2016 when I started exploring Figma web design. I tried my hand at various areas of design before delving deeper into the Swift programming language and iOS development using UIKit. In 2022, the new Swift programming language in iOS development captured my attention the most. Since then, I have studied software development through the Yandex Practicum and SwiftBook.ru courses. I have also taken many courses on YouTube about Swift UI, including one from [github.com/SwiftfulThinking](#), which I completed. At the moment, I continue to explore the latest features of mobile programming on iOS and am currently seeking my first opportunity to apply my skills. I am currently looking for my first job!

ПРОФИЛЬ

Я начинающий разработчик iOS и UI/UX. Моя страсть к этой области началась в 2016 году, когда я начал изучать веб-дизайн Figma. Я пробовал свои силы в различных областях дизайна, прежде чем углубиться в язык программирования Swift и разработку iOS с использованием UIKit. В 2022 году мое внимание больше всего привлек новый язык программирования Swift для разработки iOS. С тех пор я изучал разработку программного обеспечения с помощью практикума Яндекса и курсов SwiftBook.ru. Я также прослушал множество курсов на YouTube о Swift UI, включая один из [github.com/SwiftfulThinking](#), который я закончил. На данный момент я продолжаю изучать новейшие возможности мобильного программирования на iOS и в настоящее время ищу свою первую возможность применить свои навыки. В настоящее время я ищу свою первую работу!

EDUCATION

Course

University
2016 – 2018

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Risus commodo viverra maecenas accumsan lacus. Sed lectus vestibulum mattis ullamcorper velit sed ullamcorper.

Course

University
2010 – 2014
